EDUCATION

Front End Web Development | 2022 at Trilogy Education Services

- Intensive immersion into HTML, JavaScript, React, and Git, with exposure to many development tools.
- I have group project experience where I collaborated on multiple coding projects, using Git.
- Enhanced my strong problem-solving and critical thinking skills through coding challenges.

A Levels | 2014 - 2015 at Leyton Sixth Form Collage

- ICT (A), Graphics communication (A) and Economics (B)

RECENT PROJECTS

- Application to ask questions to your PDF. Python, OpenAI's API and Streamlit.
- E-commerce CRUD application. React, Next.js, Context API, Tailwind and Firebase.
- News site with content from The New York Times API. JavaScript, Bootstrap, CSS, jQuery and Moment.js.

EMPLOYMENT

Administrator at The Royal London Hospital | 2024 - Present

- Assisting the inpatient dietitian team, with bookings, doctor referrals, inventory management, and more.

UI Designer at Progress Teaching | 2023 - 2024

- Building components within Figma, while also creating responsive layouts for features and processes. I have taken responsibility to also map user journeys and create user flows for features.

TK Maxx | 2016 - 2024

- Leveraging my extensive retail experience, I bring adaptable communication, problem-solving, and customer-focused skills to my junior developer role.

OTHER ACTIVITIES

Community youth club led by volunteers

- I've had a leading role for several years in organising regular events for young people in my community.
- Events include community fun days, BBQ days, weekly football, day trips out, general support and more.

OTHER TECHNICAL SKILLS

Online product marketing knowledge

- I've sold around 5,500 ebooks between paperbacks and audiobooks on Amazon.
- I've sold around 1,800 baby bibs (sourced from China) on Amazon.
- Good understanding of landing pages, digital & email marketing, copywriting and buying behaviour.

INTERESTS

Leisure

- I love mountain climbing (climbed the highest point in North Africa), mountains in Italy, Slovenia and Wales.
- I'm a DJI Mini 2 Drone enthusiast, and an amateur carpenter and I enjoy historical-themed dramas.
